IMMUNOCAL LISTED IN THE PDR AND CPS

Trusted Reference Resource: These books are the major prescription **reference resource** used by physicians and pharmacists in North America.

Health Professional Trust: Immunocal has been listed in both for over **25 years** and presents all the scientific and medical information to hundreds of thousands of health professionals.

Credible Science:

If health professionals trust these sources, **you can trust the science behind Immunocal**.

78[©]
GLOBAL
PATENT

Cutting-Edge Science:

These patents reflect Immunotec's **45+ years of research**, development, and innovative thinking that has led to exclusive, unique formulas such as Immunocal.

Scientific Credibility:

Our novel science has attracted the interest of many **world-class researchers**, further establishing our scientific credibility.

THIRD-PARTY TESTING & CERTIFICATIONS:

INFORMED SPORT AND CLEAN LABEL

Clean and Safe Products:

The **Clean Label Project** program checks for heavy metals, pesticide residues, plasticizers, and other chemicals of concern, and truth in labeling.

Sport-Safe Supplements:

The **"Informed Sport"** program ensures that supplements are free of any banned performance-enhancing substances, a pre-requisite in high-level competitive sports.

Highest Quality and Safety: Immunotec's use of these world-recognized testing services ensures that you receive **clean and safe products**, reflective of our commitment to providing the highest level of quality and safety.

**LIVING
BETTER.**
