he world has been going through cataclysmic changes and the way we think about work has altered as well. They're no longer simply looking for a job to pay the bills, but a rewarding means to provide for their families. They are still looking for security but want a way to attain it that is meaningful, adds value to others, and allows personal expression. This has created a "perfect storm" of opportunity thanks to extremely fast-moving trends like these:

REMOTE WORK

SOCIAL MEDIA Marketing

THE "SIDE HUSTLE OR PART-TIME GIG" MOVEMENT

LIFESTYLE BUSINESSES

F-COMMERCE

DIRECT SELLING/ LEVERAGED SALES

HOME-BASED BUSINESSES

If you are one of the people looking for a lifestyle business, Immunotec is an ideal solution. It's the perfect home-based opportunity, whether you're simply looking for a "side hustle" or a new profession. And one of the greatest attributes of becoming a Consultant with Immunotec is your opportunity to unleash the power of leverage...

Do a study of the world's greatest entrepreneurs and you'll notice they have one thing in common: They understand how to harness the power of **leverage.**

Leverage is the superpower for success, because it allows you to escape the "trading time for money" trap that holds back so many people. As an Immunotec Consultant, you have the same opportunity to harness leverage as the most successful entrepreneurs. Let's break down how this all plays out.

The Immunotec Compensation

As one of the most exciting health-tech companies on the planet, Immunotec is undertaking aggressive international expansion and looking for messengers to continue our wellness movement around the globe. The Immunotec opportunity is designed with the busy person in mind. It offers flexible hours, meaningful work, and the chance to help others while helping yourself. If you like to travel, you'll have opportunities to earn incentive trips and attend events in exotic locales. Best of all, there are no limits on your potential, and you become successful by helping other people reach success. And if you're really serious about success, you can make a rewarding career for yourself, as many others have done.

The Immunotec products are perfect for the wellness needs of everyone you know. And millions of people are looking to supplement their current income. Immunotec's leveraged sales compensation model allows you to enroll both:

- Customers who want to use the products.
- Consultants who want to build a marketing team.

You're able to receive income on the commissionable volume they produce. This combination of people using the products themselves, conversationally marketing them, and helping others start their own business, creates an ever-expanding, self-perpetuating base of product sales, which can become very predictable and profitable.

register online and purchase the Consultant Welcome Kit. This will entitle you to the following for one calendar year:

- A discount of up to 30% on all commissionable products.
- A customized website to help you promote your Immunotec business.
- An online business center to support your business-building efforts.

Plan for Independent Consultants

You can take the following optional steps to help start your business:

- 1. Choose the Starter Pack or activation order that's right for your business goals. Immunotec's Starter Packs are tailored to offer new Consultants great value on Immunotec's most popular products.
- 2. Set up your monthly AutoShip order. While AutoShip is optional, special AutoShip product bundles offer Consultants substantial additional savings. You can change, pause, or restart an AutoShip at any time.

Register share the products and start earning income!

Becoming an Immunotec Consultant is simple. Simply

The Immunotec Compensation Plan rewards for the volume produced by you and your network of Consultants as you all build a base of personal Customers. There are seven ways to earn:

- 1. Retail Profits
- 2. Customer Volume Bonus
- 3. Business Builder Bonus
- 4. Team Commissions
- 5. Moving Up and Accelerated Bonuses
- 6. Sponsor Moving Up and **Accelerated Bonuses**
- 7. Senior Platinum Bonus

Retail Profits

It all begins with Retail Profits. You buy the products at wholesale and market them directly to people at retail. Or you can simply register people in the **Living Better Rewards Program**, and they'll order directly from the company. Immunotec handles all the logistics and sends you your commissions. Building a large customer base is the foundation for a strong, viable business.

Customer Retail Profit is the difference between a Consultant's discount and the retail price of products. You earn retail profits when you purchase products and sell them directly to your customers at the retail price. You also earn retail profit when your customers order through your Consultant website or when they order directly from Immunotec.

You can enroll customers into the AutoShip program, and they will receive a discount on their products. Your profit is calculated on the difference between the discounted AutoShip price and the Consultant price.

It doesn't end there. At Immunotec, there are actually two ways to earn from your customer product sales. The second method is through the...

The Customer Volume Bonus rewards you based on the amount of Customer Sales Volume (CSV) you accumulate in a calendar month. CSV is the total volume purchased directly from Immunotec by your first level Customers. The higher the volume, the more you earn.

CUSTOMER SALES VOLUME (CSV)	MINIMUM NUMBER OF CUSTOMERS ON YOUR FIRST LEVEL WITH PV	CUSTOMER VOLUME BONUS PAYOUT LEVEL
1,000 – 1,999	2	5% of CV
2,000 – 2,999	4	10% of CV
3,000+	6	20% of CV

- The Customer Volume Bonus is paid in addition to your Retail Profits as follows: Team Commissions are paid on a modified base when the Customer Volume Bonus is paid.
- To receive the bonus, the customer's enroller must be "paid as" Venture or above for the monthly commission cycle in which the Customer Volume is generated.

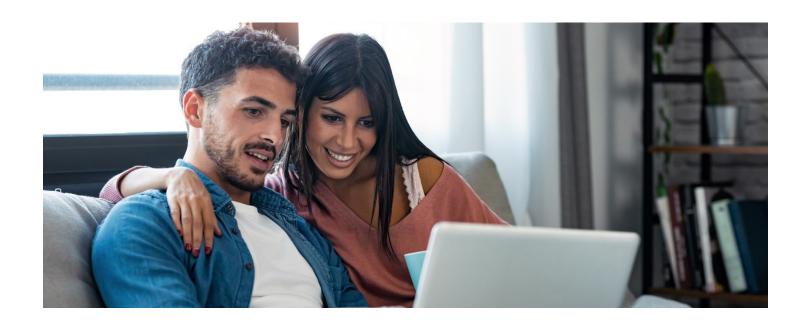

Next, you can participate in the Business Builder Bonus or BBB. This bonus rewards you for helping your new Consultants get off to a fast start building their business. When you personally enroll new Consultants, you receive between 5 and 20 percent on the commissionable volume.*

Put simply, if you enroll one Consultant, you'll receive 5% BBB on the commissionable volume produced in their account the first month. When you enroll two new Consultants in a month, you'll receive 10% BBB on the commissionable volume produced in both their accounts the first month. And if you enroll three new Consultants in a month, your BBB percentage goes up to 20% on the volume produced in all three personal accounts.

BBB CREDITS	BBB PAYOUT	BBB EARNING EXAMPLE
1	5% of CV	\$500 CV x 1 x 5% = \$25
2	10% of CV	\$500 CV x 2 x 10% = \$100
3+	20% of CV	\$500 CV x 3 x 20% = \$300

The enrolling sponsor will earn the Business Builder Bonus (BBB) and G1 payout in the enrollment month.

Team Commissions

As you know, leverage is the superpower for success, because it allows you to escape the "trading time for money" trap that holds back so many people. And another way you participate in leverage is through Team Commissions. Immunotec pays Consultants up to 47% in team commissions on the Commissionable Volume (CV) of every product sold.

As you enroll Consultants and support them in selling products and help them teach their teams to do the same, you can advance in rank. The higher the rank achieved, the greater the income potential. Team Commissions are earned from the sale of Immunotec products by Independent Consultants. Consultants are not required to make product purchases to earn commissions.

Moving Up and Accelerated Bonuses

Consultants earn Moving Up Bonuses by selling products and teaching others do the same. These bonuses are paid each time a Consultant advances to a higher rank and maintains it in the following months. The Moving Up Bonus rewards you for moving up to a new rank at any time. The Accelerated Moving Up Bonus rewards you even more for making that rank advancement within a specific time period.

The Moving Up Bonus is paid when a Consultant promotes and maintains their new rank for a second consecutive month. The Accelerated Moving Up Bonus is paid when a Consultant promotes to a new rank within a specific period of time and pays out across several months. The new rank must be maintained each month to earn the bonus. The Accelerated Bonus can be earned in any of the eligible months the rank is maintained. An important element in a successful business is the mentoring and training you receive, and you then provide to your own team. This bonus encourages that.

The Sponsor Moving Up Bonus and Accelerated Sponsor Moving Up Bonus rewards you for these efforts. These bonuses ensure that you and your team receive the best possible training, support, and mentorship as you grow your businesses.

The Sponsor Moving Up Bonus is paid to the upline sponsor of equal or greater "paid as" rank when a Moving Up Bonus is earned by their Downline Consultants at Gold rank and above. This program is designed to provide significant rewards to a Platinum Consultant to continue to promote Platinum Consultants in their Downline. In addition, this bonus rewards you at a higher rate for promotions closer to you, versus promotions made several levels below. This ensures that the promoted Senior Platinum Consultant is continuing to work the business as a prerequisite to their participation in the pool, that they are in fact mentoring, training, and supporting their Downline in depth.

This shared pool by which a maximum of 0.5% of the company TCV is accumulated and distributed based on prorated shares. All qualified Senior Platinum Consultants who have qualified Platinum Consultants in their downline are eligible to participate into this Bonus. Shares are allocated as follows:
